LinkedIn Profile: www.linkedin.com/in/zion-salami-a53130330

RESEARCH INTERESTS

Artificial Intelligence, Machine Learning Frameworks, and Predictive Modeling

Distributed Systems, Cloud Infrastructure, and Network Security Protocols

Big Data Analytics, Scalable Database Platforms, and Applied Data Science

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science *Graduation: 30th August*

2023 Joseph Ayo Babalola University, Ikeji-Arakeji, Osun State, Nigeria

•**Classification:** Second Class Honours (Lower Division) / 2:2

•**Undergraduate Project:** "Computer Network and Network Protocols"

MANUSCRIPTS IN PREPARATION

Salami, Z. O. (2026). "Weather-Resilient Routing Protocols and Dynamic Failover Frameworks for Distributed Cloud Infrastructures"

• **Key Focus:** This research project addresses the problem of physical network link degradation caused by weather attenuation in distributed cloud systems by developing a Software-Defined Networking (SDN) framework that uses proactive routing algorithms and dynamic failover protocols to maintain connection stability.

RESEARCH & ACADEMIC EXPERIENCE

Undergraduate Researcher /Developer *September 2019 – August 2023*

Joseph Ayo Babalola University • Dept. of Computer Science

- Designed, developed, and deployed algorithmic systems to fulfill undergraduate research and defense requirements.
- Conducted software prototyping, troubleshooting, and rigorous debugging metrics to optimize application execution efficiency.
- Analyzed peer-reviewed computing publications to synthesize comprehensive literature reviews on system logic and computational paradigms.

National Youth Service Corps (NYSC) – HR & Administrative Support

Federal Ministry of Innovation, Science and Technology: HR Department & Office of the Director,
Chemical Technology Department (February, 2024 – February, 2025)

- Assisted with HR documentation, employee onboarding, record management, and administrative processes.
- Drafted official letters and reports, managed confidential files, coordinated meetings and schedules, received visitors, attended official meetings, and supported departmental projects while ensuring efficient day-to-day office operations.

TECHNICAL SKILLS

- **Programming Languages:** Dart, C++, SQL, HTML, CSS, and JavaScript.
- **Tools & Frameworks:** Flutter, React, Node.js, Git/GitHub version control, Linux environments, database management systems (MySQL, PostgreSQL), VS Code
- **Research Metrics:** Technical writing, LaTeX text compilation, algorithmic modeling, and citation tools (Mendeley, EndNote)
- **Networking:** TCP/IP, VPN and DNS.

HONOURS & AWARDS

- Graduated with a Bachelor of Science (Computer Science), Joseph Ayo Babalola University – 2023
